Airline Fleets Quick Reference 2010

“An excellent account . . . A suspenseful narrative that will keep readers on the edge of their seats.” —WWII History Magazine In May 1941, the German battleship Bismarck, accompanied by heavy cruiser Prinz Eugen, broke out into the Atlantic to attack Allied shipping. The Royal Navy’s pursuit and subsequent destruction of Bismarck was an epic of naval warfare. In this new account of those dramatic events at the height of the Second World War, Iain Ballantyne draws extensively on the graphic eyewitness testimony of veterans, to construct a thrilling story, mainly from the point of view of the British battleships, cruisers, and destroyers involved. He describes the tense atmosphere as cruisers play a lethal cat and mouse game, shadowing Bismarck in the icy Denmark Strait. We witness the shocking destruction of the British battle cruiser Hood, in which all but three of her ship’s complement were killed—an event that filled pursuing Royal Navy warships, including the battered battleship Prince of Wales, with a thirst for revenge. While Swordfish torpedo-bombers try desperately to cripple the Bismarck, we sail in destroyers on their own daring torpedo attacks, battling mountainous seas. Finally, the author takes us into the final showdown, as battleships Rodney and King George V, supported by cruisers Norfolk and Dorsetshire, destroy the pride of Hitler’s fleet. This vivid, superbly researched account portrays this epic saga through the eyes of so-called “ordinary sailors” caught up in extraordinary events—conveying the horror and majesty of war at sea in all its cold brutality and awesome power.

The Hearthsides Bible Dictionary is a highly reliable, quick-reference guide to the Bible. Drawing on the most recent scholarship and including several innovative features, authors Martin Selman and Martin Manser have composed entries for the significant people, places, customs, religious and cultural aspects, events, and institutions found in Scripture. Selman and Manser address basic questions about the Bible, such as: Who was Cain? What is the book of Isaiah about? What does the Bible mean when it uses the word hope? What is the Tabernacle? When did Jonah live? Where can I find the miracles of Jesus? The parables? Most entries include Bible references. Every book of the Old and New Testaments is outlined according to its structure, background, and most well-known passages. Thirty-one charts cover historical, religious, and cultural topics, including animals, armor and weapons, birds, diseases and illnesses, feasts and festivals, kings and queens of Israel, and the miracles, parables, and prayers of Jesus. Also included are four maps. We trust that this book will appeal not only to Christians who want to know more about the Bible, Selman and Manser note, but also to those from other religious backgrounds and those of no religious preference. Our approach has been non-denominational, with the aim of the book seeking to comment on and explain the content of the Bible in its own terms. This exciting new dictionary makes Bible study easier for students of all ages.

Killing the Bismarck

Walter Dean Myers, preeminent author of teen fiction biography and verse, refines the image of black characters that are frequently trivialized or vilified in juvenile literature, advertising, television, and film. From his saga The Glory Field to his novel The Young Landlords, Myers's canon surveys the complex realm of the teen years as colliding settings in home, school, and the street. This volume introduces readers to both the writer and his work, with an emphasis on the characters, dates, events, motifs, and themes from the books. Myers's 101 A-to-Z entries offer concise, analytical discussion on all topics and include generous citations from primary and secondary sources. Each entry concludes with a selected bibliography on such subjects as segregation, Malcolm X, urbanism, writing, metafiction, drugs and alcohol, slavery, and the Vietnam War. Appendices offer a timeline of historical events in Myers's writings and forty topics for group or individual projects, oral analysis, background material, and theme development. A map of Harlem (where

many of the stories are set), genealogical diagrams for characters, and an author chronology contribute to a comprehensive presentation.
