A new, fully restored edition of the essential Canadian classic. An unflinchingly honest memoir of her experience as a Métis woman in Canada, Maria Campbell's *Halfbreed* depicts the realities that she endured and, above all, overcame. Maria was born in Northern Saskatchewan, her father the grandson of a Scottish businessman and Métis woman--a niece of Gabriel Dumont whose family fought alongside Riel and Dumont in the 1885 Rebellion; her mother the daughter of a Cree woman and French-American man. This extraordinary account, originally published in 1973, bravely explores the poverty, oppression, alcoholism, addiction, and tragedy Maria endured throughout her childhood and into her early adult life, underscored by living in the margins of a country pervaded by hatred, discrimination, and mistrust. Laced with spare moments of love and joy, this is a memoir of family ties and finding an identity in a heritage that is neither wholly Indigenous or Anglo; of strength and resilience; of indomitable spirit. This edition of *Halfbreed* includes a new introduction written by Indigenous (Métis) scholar Dr. Kim Anderson detailing the extraordinary work that Maria has been doing since its original publication 46 years ago, and an afterword by the author looking at what has changed, and also what has not, for Indigenous people in Canada today. Restored are the recently discovered missing pages from the original text of this groundbreaking and significant work.

FROM THE BESTSELLING AUTHOR OF SUNBURN AND DREAM GIRL I knew something new about venality - my own. I realized I had become the bad guy in someone else's story. And I deserved it. Laura

Lippman's first job in journalism was a rookie reporter in Waco, Texas. Two decades later she left her first husband, quit the newspaper business, and became a full time novelist. I had been creating villains on the page for about seven years when I finally became one. Her fiction has always centered on complicated women, paying unique attention to the intricacies of their flaws, their vulnerability, and their empowerment. Now, finally, Lippman has turned her gimlet eye on a new subject: herself. My daughter was ten days old the first time I was asked if I were her grandmother. In this, her first collection of essays, Lippman gives us a brilliant, candid portrait of an unapologetically flawed life. Childhood, friendships, influences, becoming a mother in later life - Lippman's inspiring life stories are at once specific and universal.
