Develop your students' skills with Oxford Online Skills Program. This online program supports and develops all four language skills using a step-by-step process, encouraging students to explore, practise and reflect on their learning. The step-by-step sequenced activities combined with instant access to support are what make this online program different. Students improve their language skills independently while you can track their progress, communicate with them outside of class, and improve their learning. The program uses media rich activities, with video, audio and interactive infographics, to engage students. Students are encouraged to broaden and reflect on their learning with Can do statements, space for making notes, tips, cultural glossaries and more. Teacher tools allow you to monitor progress for individual students, groups or the whole class. There are easy-to-view overviews, as well as more in-depth reports. You can also adapt the content to meet your students' needs, whether simply by hiding and revealing activities, or using more sophisticated tools for assigning different activities to different groups, and uploading or creating your own content.

How do you ensure your students have a full understanding of grammar use, meaning, and form? Using an inquiry-based approach to learning, Oxford Discover develops the communication skills and thinking skills students need for success in the 21st century. Who are your family and friends? Where can we see colors? How can we make music? Oxford Discover uses Big Questions such as these to tap into students' natural curiosity. It enables them to ask their own questions, find their own answers, and explore the world around them. This approach to language learning and literacy, supported by a controlled grammar and skills syllabus, helps students achieve near-native fluency in English. Oxford Discover gives teachers the tools to develop children's 21st century skills, creating young thinkers with great futures. Use with Show and Tell as part of 9-level course.
