

ACCESS FROM PREJUDICE TO PRIDE A HISTORY OF LGBTQ MOVEMENT

From Prejudice to Pride: A History of LGBTQ+ Movement

A rare and inspiring retelling of the LGBTQ+ movement's struggle for civil rights. From Prejudice to Pride looks at the rise and achievements of the LGBTQ+ movement and the different communities, pioneers and stories of heartbreak and courage that have marched alongside it. Perfect for readers aged 11 and upwards, this book will inspire courage and pride in young LGBTQ+ people and help answer questions for all readers interested in gender and identity. Follow LGBTQ+ history from ancient civilisations to the present-day, and learn about key events including the trial of Oscar Wilde, the Stonewall riots, the AIDS crisis, same-sex marriage and changing laws that have impacted on LGBTQ+ life. Gain insight into the shifting attitudes that have challenged lesbian, gay, bisexual and transgender people and the experiences that help us understand what it means to be LGBTQ+ today. Filled with photographs documenting LGBTQ+ life from the past and present, and from around the world.

Pride: An Inspirational History of the LGBTQ+ Movement

Take pride in who you are! This inspiring history of the LGBTQ+ community enlightens young readers on the true timeline of LGBTQ+ history around the world, the lives of important figures like Harvey Milk, and iconic events like Stonewall. The LGBTQ+ community is so much more than rainbow flags and the month of June. In this beautifully designed dynamic book, young readers will learn about groundbreaking events, including historic pushes for equality and the legalization of same-sex marriages across the world. They will dive into the phenomenal history of queer icons from ancient times to the present and read about Harvey Milk, Marsha P. Johnson, Audre Lorde, and more. Including several personal current essays from inspiring young, LGBTQ+ people, this book encourages readers to take pride in their identity and the identities of those around them. Don't just learn about LGBTQ+ history – take pride in it! The lively four-color interior, including photographs and bold illustrations, enhances the text and makes this a beautiful and dynamic addition to any collection.

Have Pride

Winner of the 2021 School Library Association Information Book Award. Whoever you are, HAVE PRIDE. This inspirational history of the international LGBTQ+ movement will teach readers to accept and have pride in themselves and others, whatever their sexuality. It details the struggles and successes of LGBTQ+ movements around the world, looking at decriminalisation, the Stonewall riots and their legacy, global Pride movements, the HIV/AIDS crisis and equal marriage. It also includes profiles of significant LGBTQ+ figures from history and messages from young, modern-day members of the LGBTQ+ community, explaining why they have pride in themselves - and why you should, too. Praise for Have Pride: 'Never has a book lived up to its title, or been as deserving of so many accolades, as Have Pride ... Everything about this book is outstanding and cleverly designed to not only inspire but also to engage and empower young people ... This positive, celebratory, inspirational book highlights how far we've come and offers hope for the future. Have Pride is, without a doubt, the most important book you will ever buy for your school library' Eileen Armstrong, ReadingZone.com 'Have Pride offers an inspirational history of the LGBTQ+ movement in glorious rainbow technicolour' - Big Issue North 'A bold, bright and unapologetic history of the LGBTQ+ movement' - Unite UK1 'A must read for anyone who questions why we have pride' - LGBTQ+ History Month 'Authoritative, comprehensive and fascinating progress through the ups and downs of LGBTQ+ history ...

This is very much a book that will be read with pleasure and I hope with pride!' - LoveReading4Kids

Prejudice and Pride

'Prejudice and Pride' explores some aspects of LGBT activist history. It covers educational activism, youth work activism and the history of the LGBT Centre in Manchester. Through personal stories of activists, heard and recorded by young people from LGBT Youth North, we explore the wibbly wobbly nature of people's history. We reveal how they interlink in surprising and creative ways to form the current landscape of both prejudice and pride.

Pride

In June 1969, police raided New York gay bar the Stonewall Inn. Pride charts the events of that night, the days and nights of rioting that followed, the ensuing organization of local members of the community – and the 50 years since in which activists and ordinary people have dedicated their lives to reversing the global position. Pride documents the milestones in the fight for LGBTQ equality, from the victories of early activists to the passing of legislation barring discrimination, and the gradual acceptance of the LGBTQ community in politics, sport, culture and the media. Rare images and documents cover the seminal moments, events and breakthroughs of the movement, while personal testimonies share the voices of key figures on a broad range of topics. Pride is a unique celebration of LGBTQ culture, an account of the ongoing challenges facing the community, and a testament to the equal rights that have been won for many as a result of the passion and determination of this mass movement. A fully updated edition of Matthew Todd's essential 2019 book, Pride is a celebration and a clarion call.

Prejudice to Pride

Celebrate the LGBTQ community with this small but perfectly formed guide to Pride. What began as a protest for gay rights following the Stonewall riots of 1969 in New York has grown to become a global celebration of LGBTQ culture. In the 50-odd years since the original protest, and what is now widely accepted to be the first Pride march – Christopher Street Liberation Day, 1970 – Pride events are now attended by millions each year, celebrating how far we've come, recognising where we have to go and highlighting important causes in the queer community. The Little Book of Pride is a concise look at everything you need to know about Pride, revealing the history, the key people involved, the best Pride events around the world, inspirational quotes from famous queers, Pride facts and a fun Pride survival guide.

The Little Book of Pride

First published in 1983, Prejudice and Pride chronicles legal and social discrimination against gay people living in Britain in the 1980s. The book alerts its readers to the ways in which gay men and women were treated in our society and how discrimination in each area can be tackled. The book speaks to us all, providing a blueprint for action through the 1980s. While things today might be better, the book is a reminder that the struggle for equal rights was and will continue to be long and cumbersome. The book acknowledges the action and support of the Campaign for Homosexual Equality and will be of interest to students of history, sociology, law, gender studies and sexuality studies.

Prejudice and Pride

'One of the most important books about gay culture in recent times' The Quietus Long-listed for the Polari First Book Prize In 1984 the pulsing electronics and soft vocals of Smalltown Boy would become an anthem uniting gay men. A month later, an aggressive virus, HIV, would be identified and a climate of panic and fear would spread across the nation, marginalising an already ostracised community. Yet, out of this terror would

come tenderness and 30 years later, the long road to gay equality would climax with the passing of same sex marriage. Paul Flynn charts this astonishing pop cultural and societal U-turn via the cultural milestones that effected change—from Manchester’s self-selection as Britain’s gay capital to the real-time romance of Elton John and David Furnish’s eventual marriage. Including candid interviews from major protagonists, such as Kylie, Russell T Davies, Will Young, Holly Johnson and Lord Chris Smith, as well as the relative unknowns crucial to the gay community, we see how an unlikely group of bedfellows fought for equality both front of stage and in the wings. This is the story of Britain’s brothers, cousins and sons. Sometimes it is the story of their fathers and husbands. It is one of public outrage and personal loss, the (not always legal) highs and the desperate lows, and the final collective victory as gay men were finally recognised, as *Good As You*.

Good As You

Outside of major metropolitan areas, the fight for lesbian, gay, bisexual, and transgender rights has had its own unique and rich history—one that is quite different from the national narrative set in New York and California. *Out in Central Pennsylvania* highlights one facet of this lesser-known but equally important story, immersing readers in the LGBTQ community building and social networking that has taken place in the small cities and towns in the heart of Pennsylvania from the 1960s to the present day. Drawing from oral histories and the archives of the LGBT Center of Central PA History Project, this book recounts the innovative ways that LGBTQ central Pennsylvanians organized to demand civil rights and to improve their quality of life in a region that often rejected them. Full of compelling stories of individuals seeking community and grappling with inequity, harassment, and discrimination, and featuring a distinctive trove of historical photographs, *Out in Central Pennsylvania* is a local story with national implications. It brings rural and small-town queer life out into the open and explores how LGBTQ identity and social advocacy networks can form outside of a large urban environment.

Out in Central Pennsylvania

A gay-rights pioneer shares his stories, from Stonewall to dancing with his husband at the White House, in a memoir full of “funny anecdotes and heart” (Publishers Weekly). On December 11, 1973, Mark Segal disrupted a live broadcast of the CBS Evening News when he sat on the desk directly between the camera and news anchor Walter Cronkite, yelling, “Gays protest CBS prejudice!” He was wrestled to the studio floor by the stagehands on live national television, thus ending LGBT invisibility. But this one victory left many more battles to fight, and creativity was required to find a way to challenge stereotypes. Mark Segal's job, as he saw it, was to show the nation who gay people are: our sons, daughters, fathers, and mothers. This is a memoir of one man’s role in modern LGBT history, from being on the scene of the Stonewall riots, to getting kicked off a 1970s TV show for dancing with another man—and then, decades later, dancing with his husband at a White House event for Gay Pride. “[Segal] vividly describes his firsthand experience as a teenager inside the Stonewall bar during the historic riots, his participation with the Gay Liberation Front, and amusing encounters with Elton John and Patti LaBelle....A jovial yet passionately delivered self-portrait inspiring awareness about LGBT history from one of the movement's true pioneers.”—Kirkus Reviews “The stories are interesting, unexpected, and witty.”—Library Journal “Much this book focuses on his work, but the more telling pages are filled with love gained and lost, raising other people’s children, finding himself, and aging in the gay community. A must-read.”—The Advocate

And Then I Danced

A lot has changed throughout the history of the gay rights movement. In 1969, the Stonewall Riots brought light to a movement that would later establish gay pride parades and persist in the fight for same-sex marriage. But allies and LGBTQ+ community members are still fighting for progress today. What are the gay rights movement's main concerns today? And what challenges has the movement faced? Learn about the key people and events that have paved the way for the modern gay rights movement and how members from the LGBTQ+ community have joined the cause to advocate for equal rights.

The Gay Rights Movement

This book explains the emergence of the modern gay liberation movement, from its early years prior to the Stonewall riots of 1969 and its continuation into the 1970s. Readers will learn about the Stonewall riots, the Compton's cafeteria riot, the Gay Liberation Front, the Lavender Menace, and more. This book also discusses the contributions of important people such as Harvey Milk, Audre Lorde, and many others. The difficulties and legacies of that era will become clear to students who may know only the outline of the early history of the movement.

The Gay Liberation Movement

THE BOOK OF PRIDE captures the true story of the gay rights movement from the 1960s to the present, through richly detailed, stunning interviews with the leaders, activists, and ordinary people who witnessed the movement and made it happen. These individuals fought battles both personal and political, often without the support of family or friends, frequently under the threat of violence and persecution. By shining a light on these remarkable stories of bravery and determination, THE BOOK OF PRIDE not only honors an important chapter in American history, but also empowers young people today (both LGBTQ and straight) to discover their own courage in order to create positive change. Furthermore, it serves a critically important role in ensuring the history of the LGBTQ movement can never be erased, inspiring us to resist all forms of oppression with ferocity, community, and, most importantly, pride

The Book of Pride

On the occasion of its fiftieth anniversary, the most important moment in LGBTQ history—depicted by the people who influenced, recorded, and reacted to it. June 28, 1969, Greenwich Village: The New York City Police Department, fueled by bigoted liquor licensing practices and an omnipresent backdrop of homophobia and transphobia, raided the Stonewall Inn, a neighborhood gay bar, in the middle of the night. The raid was met with a series of responses that would go down in history as the most galvanizing period in this country's fight for sexual and gender liberation: a riotous reaction from the bar's patrons and surrounding community, followed by six days of protests. Across 200 documents, Marc Stein presents a unique record of the lessons and legacies of Stonewall. Drawing from sources that include mainstream, alternative, and LGBTQ media, gay-bar guide listings, state court decisions, political fliers, first-person accounts, song lyrics, and photographs, Stein paints an indelible portrait of this pivotal moment in the LGBT movement. In *The Stonewall Riots*, Stein does not construct a neatly quilted, streamlined narrative of Greenwich Village, its people, and its protests; instead, he allows multiple truths to find their voices and speak to one another, much like the conversations you'd expect to overhear in your neighborhood bar. Published on the fiftieth anniversary of the moment the first brick (or shot glass?) was thrown, *The Stonewall Riots* allows readers to take stock of how LGBTQ life has changed in the US, and how it has stayed the same. It offers campy stories of queer resistance, courageous accounts of movements and protests, powerful narratives of police repression, and lesser-known stories otherwise buried in the historical record, from an account of ball culture in the mid-sixties to a letter by Black Panther Huey P. Newton addressed to his brothers and sisters in the resistance. For anyone committed to political activism and social justice, *The Stonewall Riots* provides a much-needed resource for renewal and empowerment.

The Stonewall Riots

“Rich and often moving . . . at times shocking, but often enlightening and inspiring: oral history at its most potent and rewarding.” — Kirkus Reviews A completely revised and updated edition of the classic volume of oral history interviews with high-profile leaders and little-known participants in the gay rights movement that cumulatively provides a powerful documentary look at the struggle for gay rights in America. From the Boy Scouts and the U.S. military to marriage and adoption, the gay civil rights movement has exploded on the

national stage. Eric Marcus takes us back in time to the earliest days of that struggle in a newly revised and thoroughly updated edition of *Making History*, originally published in 1992. Using the heartfelt stories of more than sixty people, he carries us through a compelling five-decade battle that has changed the fabric of American society. The rich tapestry that emerges from *Making Gay History* includes the inspiring voices of teenagers and grandparents, journalists and housewives, from the little-known Dr. Evelyn Hooker and Morty Manford to former vice president Al Gore, Ellen DeGeneres, and Abigail Van Buren. Together, these many stories bear witness to a time of astonishing change, as queer people have struggled against prejudice and fought for equal rights under the law.

Making Gay History

Edgar Award finalist, Best Fact Crime American Masters (PBS), “1 of 5 Essential Culture Reads” One of CrimeReads’ “Best True Crime Books of the Year” “A fast-paced, meticulously researched, thoroughly engaging (and often infuriating) look—see into the systematic criminalization of gay men and widespread condemnation of homosexuality post–World War I.” —Alexis Burling, *San Francisco Chronicle* Stories of murder have never been just about killers and victims. Instead, crime stories take the shape of their times and reflect cultural notions and prejudices. In this Edgar Award–finalist for Best Fact Crime, James Polchin recovers and recounts queer stories from the crime pages—often lurid and euphemistic—that reveal the hidden history of violence against gay men. But what was left unsaid in these crime pages provides insight into the figure of the queer man as both criminal and victim, offering readers tales of vice and violence that aligned gender and sexual deviance with tragic, gruesome endings. Victims were often reported as having made “indecent advances,” forcing the accused’s hands in self–defense and reducing murder charges to manslaughter. As noted by Caleb Cain in *The New Yorker* review of *Indecent Advances*, “it’s impossible to understand gay life in twentieth–century America without reckoning with the dark stories. Gay men were unable to shake free of them until they figured out how to tell the stories themselves, in a new way.” *Indecent Advances* is the first book to fully investigate these stories of how queer men navigated a society that criminalized them and displayed little compassion for the violence they endured. Polchin shows, with masterful insight, how this discrimination was ultimately transformed by activists to help shape the burgeoning gay rights movement in the years leading up to Stonewall.

Indecent Advances

A socialist journal edited by gay men in the 1970s After the leading organizations of radical sexual politics - the Gay Liberation Front and the Gay Marxist Group - imploded or dissolved, the Gay Left Collective formed a research group to make sense of the changing terrain of sexuality and politics writ large. Its goal was to formulate a rigorous Marxist analysis of sexual oppression, while linking together the struggle against homophobia with a wider array of struggles, all under the banner of socialism. This anthology combines the very best of their work, exploring masculinity and workplace organizing, counterculture and disco, the survivals of victorian morality and the onset of the HIV/AIDS crisis.

Homosexuality

“The first American gay rights organization formed in 1924, but was soon pressured to disband. Another wouldn’t form until the 1950s. The history of the U.S. movement to achieve progressive rights for people who identify as lesbian, gay, bisexual, transgender, transsexual, or queer is full of stops and starts and victories and tragedies, but also hope for the future. This important and timely volume describes a topic of history often glossed over and a movement that is still working to effect change. Key figures are featured as well as crucial events, both past and present.”

Book of Pride

JUNIOR LIBRARY GUILD SELECTION • Celebrate Pride and it's iconic rainbow flag--a symbol of

inclusion and acceptance around the world-- with the very first picture book to tell its remarkable and inspiring history! \"Pride is a beacon of (technicolor) light.\" --Entertainment Weekly In this deeply moving and empowering true story, young readers will trace the life of the Gay Pride Flag, from its beginnings in 1978 with social activist Harvey Milk and designer Gilbert Baker to its spanning of the globe and its role in today's world. Award-winning author Rob Sanders's stirring text, and acclaimed illustrator Steven Salerno's evocative images, combine to tell this remarkable - and undertold - story. A story of love, hope, equality, and pride.

Inside the LGBTQ+ Movement

Guardian's Best Paperback of the Month ONE OF THE GUARDIAN'S and FINANCIAL TIMES' BOOKS OF 2020 'In intimate, often tender prose, Gevisser brings to life the complex movement for queer civil rights and the many people on whom it bears.' Colm Toibin, Guardian 'Powerful... meticulously researched' Andrew McMillan, Observer Book of the Week Six years in the making, *The Pink Line* follows protagonists from nine countries all over the globe to tell the story of how LGBTQ+ Rights became one of the world's new human rights frontiers in the second decade of the twenty-first century. From refugees in South Africa to activists in Egypt, transgender women in Russia and transitioning teens in the American Mid-West, *The Pink Line* folds intimate and deeply affecting stories of individuals, families and communities into a definitive account of how the world has changed, so dramatically, in just a decade. And in doing so he reveals a troubling new equation that has come in to play: while same-sex marriage and gender transition are now celebrated in some parts of the world, laws to criminalise homosexuality and gender non-conformity have been strengthened in others. In a work of great scope and wonderful storytelling, this is the groundbreaking, definitive account of how issues of sexuality and gender identity divide and unite the world today.

Pride: The Story of Harvey Milk and the Rainbow Flag

The book provides an overview of LGBTQ history and current issues. It includes biographies of some notable figures in LGBTQ history.

The Pink Line

A collection sharing stories of success, happiness, and inspiration from the LGBTQ+ community. In *Pride and Joy*, award-winning writer and longtime LGBTQ+ activist Kathleen Archambeau tells the untold stories from diverse queer voices around the world. Not like the depressing, sinister, shadowy stories of the past, this book highlights queer people living open, happy, fulfilling, and successful lives. Inside, learn why Tony Kushner quit cello and how Colm Toibin found his voice, why Emma Donoghue calls her experience a fluke and the best advice Bill T. Jones got was from his mother, and also how being an inaugural poet changed Richard Blanco's life and how Ugandan activist "LongJones" escaped death threats and gained asylum. But you will also see other stories, like the bravery of a Uruguayan author who was rejected by her immediate family even as she began a family of her own. Be inspired by the audacity to fight for justice that motivates National Center for Lesbian Rights Executive Director Kate Kendell, a Mormon who grew up in Utah. Learn how two couples transcend time and distance to finally be together and how one NBA sports executive summoned the courage to come out. Discover the message of love from the first openly lesbian United Methodist Church Bishop. Learn the secrets of a successful, out IBM executive based in London and the rewards of Ballroom Basix founder in Harlem. See how the Maori philosophy of whanau guided the MP who won marriage rights in New Zealand and how high expectations overcame disability and bullying for an acclaimed mezzo-soprano. Meet the professional violinist and composer impacted by family tensions and the Armenian Genocide. Read about the ballroom dancers and Hungarian activists on neo-Nazi "hit lists." *Pride & Joy* shows why there is hope it gets better for everyone in the queer community, including: The transgender choreographer and dancer who continues to break rules and enlighten audiences The Dutch singer, songwriter and independent theater producer who breaks down stereotypes The founder of an award-winning smoking cessation program The California political director of the Obama re-election campaign The

Russian émigré award-winning computer scientist and the Chinese folk dancer

LGBTQ History and Current Issues

A Little Gay History of Wales tells the compelling story of Welsh LGBT life from the Middle Ages to the present day. Drawing on a rich array of archival sources from across Britain, together with oral testimony and material culture, this pioneering study is the first to examine the experiences of ordinary LGBT men and women, and how they embarked on coming out, coming together and changing the world. This is the story of poets who wrote about same-sex love and translators who worked to create a language to describe it; activists who campaigned for equality and politicians who created the legislation providing it; teenagers ringing advice lines for guidance on coming out, and revellers in the pioneering bars and clubs on a Friday and Saturday night. It is also a study of prejudice and of intolerance, of emigration and isolation, of HIV/AIDS and Section 28 – all features of the complex historical reality of LGBT life and same-sex desire. Engaging and accessible, absorbing and perceptive, this book is an important advance in our understanding of Welsh history.

Pride and Joy

In 1984, a small group of metropolitan homosexual men and lesbian women stepped away from the vibrant culture and hedonism of London's defiant gay scene to befriend and support the beleaguered villages of a very traditional mining community in the remote valleys of South Wales. They did so in the midst of the 1984 miners' strike - the most bitter and divisive dispute for more than half a century, and in one of the most turbulent periods in modern British history. In the 1980s Margaret Thatcher's hardcore social and fiscal policies devastated Britain's traditional industries, and at the same time, AIDS began to claim lives across the nation. At the very height of this perfect storm, as the government and police battled 'the enemy within' in communities across the land and newspapers whipped up fear of the gay 'perverts' who were supposedly responsible for inflicting this lethal new pestilence upon the entire population, two groups who ostensibly had nothing in common - miners and homosexuals - unexpectedly made a stand together and forged a lasting friendship. It was an alliance which helped keep an entire valley clothed and fed during the darkest months of the strike. And it led directly to a long-overdue acceptance by trades unions and the Labour Party that homosexual equality was a cause to be championed. *Pride* tells the inspiring true story of how two very different communities - each struggling to overcome its own bitter internal arguments and long-established fault lines, as well as facing the power of a hostile government and press found common cause against overwhelming odds. And how this one simple but unlikely act of friendship would, in time, help change life in Britain - forever.

Prejudice and Pride

LGBTQ+ personnel who served in the British military despite the gay ban tell their stories in a moving testament to their patriotism and courage. On January 12th, 2000, the British Armed Forces took a major step toward greater equality by ending its restriction against members of the LGBTQ+ community. To honor that historic event, this volume presents the personal reflections of ten LGBTQ+ personnel who had served under the ban since the Second World War. All of them lived remarkable lives, though some were dismissed in disgrace or asked to resign because of their identity. These brave men and women tell of remarkable careers, courage in battle, and private lives kept secret at all cost. They include stories of serving on the front line of operations worldwide, including in the Second World War, the Falklands War, the Gulf Wars and the war in Afghanistan. This book celebrates their lives, as well as all servicepeople who have stood tall and taken their place with pride in the fighting units of the Royal Navy, Royal Marines, Royal Air Force and the British Army.

A Little Gay History of Wales

A stunning fifty-year visual history of LGBTQ pride marches, parades, and protests, taken from the New York Times photo archives. It began in New York City on June 28, 1969. When police raided the Stonewall Inn—a bar in the Greenwich Village neighborhood, known as a safe haven for gay men—violent demonstrations and protests broke out in response. The Stonewall Riots, as they would come to be known, were the first spark in the wildfire that would become the LGBTQ rights revolution. Fifty years later, the LGBTQ community and its supporters continue to gather every June to commemorate this historic event. Here, collected for the first time by The New York Times, is a powerful visual history of five decades of parades and protests of the LGBTQ rights movement. These photos, paired with descriptions of major events from each decade as well as selected reporting from The Times, showcase the victories, setbacks, and ongoing struggles for the LGBTQ community. “To take in the breadth of [PRIDE’s] contents—to see the scope of LGBTQ+ rights, from the first Christopher Street Day march in 1970 to protests for transgender rights just last year—is to witness the power of visibility firsthand.” —them. “This book is a powerful visual history of five decades of parades and protests for equality. Educational and visually enriching, complete with photos from The New York Times, this book is the perfect companion for any coffee table.” —BookTrib

Pride

'Queer: A Graphic History Could Totally Change the Way You Think About Sex and Gender' Vice Activist-academic Meg-John Barker and cartoonist Jules Scheele illuminate the histories of queer thought and LGBTQ+ action in this groundbreaking non-fiction graphic novel. From identity politics and gender roles to privilege and exclusion, Queer explores how we came to view sex, gender and sexuality in the ways that we do; how these ideas get tangled up with our culture and our understanding of biology, psychology and sexology; and how these views have been disputed and challenged. Along the way we look at key landmarks which shift our perspective of what's 'normal' - Alfred Kinsey's view of sexuality as a spectrum, Judith Butler's view of gendered behaviour as a performance, the play Wicked, or moments in Casino Royale when we're invited to view James Bond with the kind of desiring gaze usually directed at female bodies in mainstream media. Presented in a brilliantly engaging and witty style, this is a unique portrait of the universe of queer thinking.

Fighting with Pride

At a time when lesbian, gay, bisexual, and transgender individuals--often referred to under the umbrella acronym LGBT--are becoming more visible in society and more socially acknowledged, clinicians and researchers are faced with incomplete information about their health status. While LGBT populations often are combined as a single entity for research and advocacy purposes, each is a distinct population group with its own specific health needs. Furthermore, the experiences of LGBT individuals are not uniform and are shaped by factors of race, ethnicity, socioeconomic status, geographical location, and age, any of which can have an effect on health-related concerns and needs. The Health of Lesbian, Gay, Bisexual, and Transgender People assesses the state of science on the health status of LGBT populations, identifies research gaps and opportunities, and outlines a research agenda for the National Institute of Health. The report examines the health status of these populations in three life stages: childhood and adolescence, early/middle adulthood, and later adulthood. At each life stage, the committee studied mental health, physical health, risks and protective factors, health services, and contextual influences. To advance understanding of the health needs of all LGBT individuals, the report finds that researchers need more data about the demographics of these populations, improved methods for collecting and analyzing data, and an increased participation of sexual and gender minorities in research. The Health of Lesbian, Gay, Bisexual, and Transgender People is a valuable resource for policymakers, federal agencies including the National Institute of Health (NIH), LGBT advocacy groups, clinicians, and service providers.

Proud

This book is about the Stonewall Riots, a series of spontaneous, often violent demonstrations by members of the gay (LGBTQ+) community in reaction to a police raid that took place in the early morning hours of June 28, 1969, at the Stonewall Inn in the Greenwich Village neighborhood of Manhattan, New York City. The Riots are attributed as the spark that ignited the LGBTQ+ movement. The author describes American gay history leading up to the Riots, the Riots themselves, and the aftermath, and includes her interviews of people involved or witnesses, including a woman who was ten at the time. Profusely illustrated, the book includes contemporary photos, newspaper clippings, and other period objects. A timely and necessary read, *The Stonewall Riots* helps readers to understand the history and legacy of the LGBTQ+ movement.

PRIDE

A joyful celebration of the LGBTQ+ community's development, history, and culture, packed with facts, trivia, timelines, and charts, and featuring 100 full-color illustrations. Compiled and designed by queer power couple and illustrators extraordinaire, Ashley Molesso and Chess Needham, founders of the popular stationery company Ash + Chess, *The Gay Agenda* is an inviting and entertaining guide that pays tribute to the LGBTQ+ community. Filled with engaging descriptions, interesting facts, helpful features—such as historical queer icons and events and LGBTQ+ acronym definitions—this fabulous compendium illuminates the transformation of the community, highlighting its struggles, achievements, landmarks, and contributions. It also salutes iconic members of the LGBTQ+ community—the celebrities, politicians, entrepreneurs and ordinary citizens who have made a notable impact on gay life and society itself. *The Gay Agenda* is a nostalgic look back for older generations, an archive for younger people, and a helpful introduction for those interested in learning more about the community and its contributions. From James Baldwin and Emma Goldman to Marsha P. Johnson and Jodie Foster; the Pink Triangle and the Rainbow Flag to Stonewall and the AIDS crisis; Matthew Shepard and Pulse Nightclub to Sodomy Laws and Obergefell; Drag and Transitioning to The L Word and The Kinsey Scale, Freddie Mercury and Ellen Degeneres to Laverne Cox and David Bowie, this magnificent digest is a keepsake honoring all LGBTQ+, and the ongoing fight to gain—and maintain—equality for all.

Queer: A Graphic History

The YouTube star presents a personal, approachable, and informative guide for anyone seeking a deeper understanding of gender and sexual identity. *The ABCs of LGBT+* is essential reading for questioning teens, teachers or parents looking for advice, or anyone who wants to learn how to talk about gender and sexual identity. In this volume, popular vlogger Ash Mardell, who embraces all pronouns, answers your questions about the post-binary world of the twenty-first century. With in-depth definitions, personal anecdotes, helpful infographics, resources, and more, Mardell lets readers know that it really does get better when we are empowered by information and understanding. In Mardell's own words, "This book is also for allies and LGBT+ people simply looking to pack in some extra knowledge . . . a critical part of acceptance. Learning about new identities broadens our understanding of humanity, heightens our empathy, and allows us different, valuable perspectives." Topics covered include: · LGBT and LGBTQIA+ · Gender identity · Sexual identity · Teens in a binary world · The LGBT family and more

The Health of Lesbian, Gay, Bisexual, and Transgender People

Over the past 75 years, gays and lesbians have experienced tremendous social change in America. Gay and lesbian culture, once considered a twilight world that could not be spoken of in daylight, has become today's rainbow families, marriage equality victories, and record-breaking pride celebrations. For a medium-size Rust Belt city with German Protestant roots, Milwaukee was an unlikely place for gay and lesbian culture to bloom before the Stonewall Riots. However, Milwaukee eventually had as many—if not more—known LGBT+ gathering places as Minneapolis or Chicago, ranging from the back rooms of the 1960s to the video bars of the 1980s to the guerrilla gay bars of today.

The Stonewall Riots

The definitive account of the Stonewall Riots, the first gay rights march, and the LGBTQ activists at the center of the movement. “Martin Duberman is a national treasure.”—Masha Gessen, *The New Yorker* On June 28, 1969, the Stonewall Inn, a gay bar in New York's Greenwich Village, was raided by police. But instead of responding with the typical compliance the NYPD expected, patrons and a growing crowd decided to fight back. The five days of rioting that ensued changed forever the face of gay and lesbian life. In *Stonewall*, renowned historian and activist Martin Duberman tells the full story of this pivotal moment in history. With riveting narrative skill, he re-creates those revolutionary, sweltering nights in vivid detail through the lives of six people who were drawn into the struggle for LGBTQ rights. Their stories combine to form an unforgettable portrait of the repression that led up to the riots, which culminates when they triumphantly participate in the first gay rights march of 1970, the roots of today's pride marches. Fifty years after the riots, *Stonewall* remains a rare work that evokes with a human touch an event in history that still profoundly affects life today.

The Gay Agenda

Winner of the Stonewall Book Award in nonfiction The first comprehensive history of lesbian, gay, bisexual, and transgender America, from pre-1492 to the present “Readable, radical, and smart—a must read.”—Alison Bechdel, author of *Fun Home* Intellectually dynamic and endlessly provocative, this is more than a “who’s who” of queer history: it is a narrative that radically challenges how we understand American history. Drawing upon primary documents, literature, and cultural histories, scholar and activist Michael Bronski charts the breadth of lesbian, gay, bisexual, and transgender history, from 1492 to the present, a testament to how the LGBTQ+ experience has profoundly shaped American culture and history. American history abounds with unknown or ignored examples of queer life, from the ineffectiveness of sodomy laws in the colonies to the prevalence of cross-dressing women soldiers in the Civil War and resistance to homophobic social purity movements. Bronski highlights such groundbreaking moments of queer history as:

- In the 1620s, Thomas Morton broke from Plymouth Colony and founded Merrymount, which celebrated same-sex desire, atheism, and interracial marriage.
- Transgender evangelist Jemima Wilkinson, in the early 1800s, changed her name to “Publick Universal Friend,” refused to use pronouns, fought for gender equality, and led her own congregation in upstate New York.
- In the mid-19th century, internationally famous Shakespearean actor Charlotte Cushman led an openly lesbian life, including a well-publicized “female marriage.”
- in the late 1920s, Augustus Granville Dill was fired by W. E. B. Du Bois from the NAACP’s magazine *the Crisis* after being arrested for a homosexual encounter.

Informative and empowering, this engrossing and revelatory treatise emphasizes that there is no American history without queer history.

The ABC's of LGBT+

The partial inspiration for the acclaimed mini-series from Academy Award-winning screenwriter Dustin Lance Black *Born in 1954*, Cleve Jones was among the last generation of gay Americans who grew up wondering if there were others out there like himself. There were. Like thousands of other young people, Jones, nearly penniless, was drawn in the early 1970s to San Francisco, a city electrified by progressive politics and sexual freedom. Jones found community - in the hotel rooms and ramshackle apartments shared by other young adventurers, in the city's bathhouses and gay bars like *The Stud*, and in the burgeoning gay district, the Castro, where a New York transplant named Harvey Milk set up a camera shop, began shouting through his bullhorn, and soon became the nation's most outspoken gay elected official. With Milk's encouragement, Jones dove into politics and found his calling in 'the movement.' When Milk was killed by an assassin's bullet in 1978, Jones took up his mentor's progressive mantle - only to see the arrival of AIDS transform his life once again. By turns tender and uproarious - and written entirely in his own words - *When We Rise* is Jones' account of his remarkable life. He chronicles the heartbreak of losing countless friends to AIDS, which very nearly killed him, too; his co-founding of the San Francisco AIDS Foundation during the terrifying early years of the epidemic; his conception of the AIDS Memorial Quilt, the largest community art

project in history; the bewitching story of 1970s San Francisco and the magnetic spell it cast for thousands of young gay people and other misfits; and the harrowing, sexy, and sometimes hilarious stories of Cleve's passionate relationships with friends and lovers during an era defined by both unprecedented freedom and possibility, and prejudice and violence alike. When We Rise is not only the story of a hero to the LGBTQ community, but the vibrantly voice memoir of a full and transformative American life - an activist whose work continues today.

LGBT Milwaukee

For the fiftieth anniversary of the Stonewall uprising, an anthology chronicling the tumultuous fight for LGBTQ rights in the 1960s and the activists who spearheaded it, with a foreword by Edmund White. Finalist for the Randy Shilts Award for Gay Nonfiction, presented by The Publishing Triangle Tor.com, Best Books of 2019 (So Far) Harper's Bazaar, The 20 Best LGBTQ Books of 2019 The Advocate, The Best Queer(ish) Non-Fiction Tomes We Read in 2019 June 28, 2019 marks the fiftieth anniversary of the Stonewall uprising, which is considered the most significant event in the gay liberation movement, and the catalyst for the modern fight for LGBTQ rights in the United States. Drawing from the New York Public Library's archives, The Stonewall Reader is a collection of first accounts, diaries, periodic literature, and articles from LGBTQ magazines and newspapers that documented both the years leading up to and the years following the riots. Most importantly the anthology spotlights both iconic activists who were pivotal in the movement, such as Sylvia Rivera, co-founder of Street Transvestites Action Revolutionaries (STAR), as well as forgotten figures like Ernestine Eckstein, one of the few out, African American, lesbian activists in the 1960s. The anthology focuses on the events of 1969, the five years before, and the five years after. Jason Baumann, the NYPL coordinator of humanities and LGBTQ collections, has edited and introduced the volume to coincide with the NYPL exhibition he has curated on the Stonewall uprising and gay liberation movement of 1969.
