WTF is Tarot?

Young Blood, Old Magic: A No-Nonsense Approach to the Ancient Art of Reading Tarot You do not need to learn the tarot because you already know it. It is from this radical jumping off point that WTF Is Tarot breaks down the ancient art of cartomancy. This fresh, accessible and sometimes cheeky guide sheds a holistic light on how to read tarot, from the foundation of magic itself to understanding those tricky court cards to offering readings to others. In WTF Is Tarot, author and tarot reader Bakara Wintner unpacks the magic of the Major and Minor Arcana with shamanic wisdom and girl boss wit, illuminating their meaning with thoughtful anecdotes and analogies that reveal how deeply rooted these symbols already are in our everyday lives: we can feel the Moon in a howling barefoot run through Prospect Park, accept the grace of Temperance in falling in love or a divine intervention, “ghost the haters” with the Six of Swords, or identify when it’s time to let go of an ex with the Hanged Man. WTF is Tarot offers far more than a refreshingly candid tutorial on card reading. Bakara goes on to investigate the magic of crystal healing, chakras, meditation and other magical practices. This young witch offers not just a guide, but an invitation for even the most mundane Muggles to welcome magic into their lives, and for experienced wizards to rediscover it once again.

Take a Magical Mystery Tour. Join celebrated Tarot author, artist, and scholar Rachel Pollack on a magical walk through the mysteries, archetypes, and dream-like images of the Tarot. In the tradition of Carl Jung and Joseph Campbell, Rachel draws upon symbols, myths, and folk tales both ancient and modern, to illuminate the spiritual truths behind the Tarot's symbols. The Forest of Souls unfolds like a dream, in a series of musings upon the confluence of the sacred and the mundane. How can a simple deck of 78 cards become keys unlocking life's greatest secrets? While the most common use of Tarot is for divination, Rachel shows how to use the cards for readings of an entirely different nature. Asking improbable, even impossible questions, she plays with the sacred possibilities and answers that the Tarot gives us. What nourishes my soul? What is soul? What is Tarot? What plan did God follow to create the universe? We now know that the Tarot was almost certainly not originally designed to include Kabbalistic and other occult correspondences. Yet such systems can greatly enhance our understanding of and relationship with the cards. Embracing paradox and non-linear thinking allows us to push the boundaries of the known and venture into the unknown. It is in that sacred space that we open ourselves to wonder and mystery.

Divine Guidance

The Da Vinci Enigma Tarot is faithful to the vision of Leonardo, drawing upon the original sources of his note books, drawings and ideas. Caitlin Matthews has conceived the deck as a way of exploring his enigmatic mind in relationship to the singular and enigmatic destiny of the soul. The 78 cards create a portable notebook containing the macrocosm (minor cards), the lesser manifest world of every day. By discovering the sacred proportions and divine harmony of the macrocosm, the reader is able to attend to the balance and harmony of everyday life. As Leonardo wrote, 'It is an easy thing to make oneself universal.' The tarot cards are designed so that a beautiful Leonardo knot work pattern emerges as the whole deck is laid face down. This design then creates a puzzle in its own right: those cards that can be re-connected after shuffling reveal the strongest interpretations in a reading. The Da Vinci Enigma Tarot takes tarot reading to a more profound dimension than ever before-and presents an enigma within a enigma, to help decode the enigma within oneself. The international success of Dan Brown's The Da Vinci Code has linked Leonardo's name with hidden knowledge, heretical intrigue and metaphysical revelation. There is a desire to know more about this 'secret master', whose art and invention still move us today.

The Magical Ritual of the Sanctum Regnum - Interpreted by the Tarot Trumps

"This insightful book will help you to see both the cards—and Christian spirituality—in surprising new ways." — Carl McColman, author of *The Big Book of Christian Mysticism and Eternal Heart* In the chaos of daily life, many Christians long for the time and mental clarity to reflect on scripture, to worship, and to

pray. The Tarot can become an unexpected tool in this journey, inviting us to pause, contemplate, and find insight and wisdom in our walk. In *The Contemplative Tarot*, author Brittany Muller draws deeply on Christian tradition and theology to create a tarot practice built on spiritual reflection, prayer, and worship. The Tarot has held countless meanings to countless readers over the course of its existence, but *The Contemplative Tarot* offers a uniquely Christian interpretation of the cards, including Bible verses and meditations on each of their spiritual meanings. Brittany provides practical guidance on how to use the cards in a Christian context, whether as prompts for personal prayer, daily reminders of spiritual truths, or as part of a more structured practice such as the Ignatian examen. *The Contemplative Tarot* offers a thoughtful, introspective new interpretation of the Tarot and an invitation to create powerful moments of reflection and worship in your daily life.

The Practical Tarot Method

The Tarot of the Spirit is a companion book to the tarot deck painted by Joyce Eakins and is meant to pick up where other tarots leave off. It is here to aid serious students on the esoteric path of the Western Mysteries. Its reason for being is to provide assistance for inner awakening and continued spiritual practice. Centered on the Qabbalistic Tree of Life, this symbolism clearly explores the Minor Arcana as a representation of the four components of life: spirit, emotion, intellect, and body while it reveals the Major Arcana to be the keys to our emotional response patterns to the symbolic universe in which we live. Includes seven monthly meditations, individual readings, and layouts. Every concept presented in the book is essential in its context. Nothing has been reduced, neither has it been convoluted. Every effort has been made to keep the interpretations clearly understandable. Both this book and the deck are meant to be referred to again and again. As the knowledge of the student deepens, the texts will take on greater meaning.

HEXEN2.0 is the sequel to HEXEN 2039 which imagined new technologies for psychological warfare through investigating links between the occult and the military in relation to histories of witchcraft, the US film industry, British Intelligence agencies, Soviet brainwashing, behavior control experiments of the US Army's MKULTRA program and more recent practices of its Civil Affairs and Psychological Operations Command (PSYOP), in light of contemporary neuro-scientific research. HEXEN2.0 delves deeper into the histories of scientific research behind government programs of mass control, in tandem with counter-cultural and grass roots movements, and creates a space for the imagining of alternative future scenarios. HEXEN2.0 charts, within a framework of post-WWII US governmental and military imperatives, the coming together of diverse scientific and social sciences through the development of cybernetics, the history of the internet, the rise of Web 2.0 and mass intelligence gathering, and the implications for the future of new systems of societal manipulation towards a control society. Furthermore, HEXEN2.0 investigates the participants of the seminal Macy Conferences¹ (1943-1956) - whose primary goal was to set the foundations for a general science of the workings of the human mind - alongside specific critics of technological society such as Theodore Kaczynski/Unabomber, current profiles of Anarcho-Primitivists and Post Leftists, and traces the precursory ideas of Thoreau, Heidegger, Adorno and others in relation to fantasies of utopic/dystopic futures from science-fiction literature and film. Through representing and re-examining these subjects and histories through the lens of occult belief systems and ideas of the supernatural HEXEN2.0 takes us to a hypnotic, mesmerizing space of early technological fantasy and theory to hallucinate feedback from the past from where one may imagine and construct possible alternative futures. The information in HEXEN2.0 is based on actual events, people and histories.
