## Protector Night War Saga 1 Introduction

### Defender

Allie Rydell left her life behind to protect the world from the Goddess of Night. But after weeks of training, hunting, and learning to use the life-giving power that inexplicably chose her, saving Midgard seems more impossible than ever. Nott's followers have eyes across the realms, and they're determined to collect the bounty on Allie's soul. And the closer Allie and her protectors get to the pieces of the immortal weapon that could save them all, the more destruction Nott manages to unleash—not only on the world Allie loves, but on the friends she'd give her life to save. Darkness is coming. And this time, it won't leave any survivors.

### Redeemer

Hunt down the weapon pieces, destroy the night goddess, protect Midgard (Earth). That was always the mission . . . When an unexpected sacrifice turns Allie's world on its head, she discovers her true function within the Asgardian world. Her new purpose has much higher stakes—and significantly bigger dangers—than she ever could have imagined. And as the Goddess of Night unleashes an unparalleled wave of fury across the realms, Allie's dream of a peaceful future with her favorite protector all but disappears. Nott's determined to control Midgard. But Allie has more to fight for than ever before, and she's determined to end the Night War . . . no matter what it costs her.

### White Night

Meet Harry Dresden, Chicago's first (and only) Wizard P.I. Turns out the 'everyday' world is full of strange and magical things - and most of them don't play well with humans. That's where Harry comes in. A series of apparent suicides rings alarm bells with the police, and Harry is hired. At the first crime scene he hits pay dirt, discovering an unmistakable magical taint. There's also a message especially for him, and it ain't pretty. The 'killings' will continue if Harry can't halt his tormentor, but the evidence implicates his half-brother, which just doesn't add up. Unfortunately Harry's digging around attracts some powerful vampires with a stake in the result. Soon, whichever way he turns, Harry will find himself outnumbered, outclassed and dangerously susceptible to temptation. And if he screws up, his friends will die. Magic - it can get a guy killed.

### Silent Shield

Shieldmaiden Ingrid Tirsdatter is in the final leg of her very first mission. After chasing a dark mage one thousand years into the future, she and her team have spent the past two months trying to stop him from doing the unthinkable—enacting a magical spell that's certain to destroy their world. But when a collection of crystals goes missing, it's clear their enemy is making his final play. And when Axel starts acting peculiar, Ingrid realizes that more than just their home is on the line. If she and her team can't stop the dark mage, her past—and her future—may disappear forever.

## **Alfheim Academy (Alfheim Academy)**

Aura Nilssen has spent most of her sixteen years in hiding. As crown princess of Alfheim, her life depends on avoiding the assassins who killed her parents and want to destroy her realm. When hunters corner Aura on Midgard (Earth), she's immediately evacuated and enrolled at Alfheim Academy--a training ground where telepathic teenagers, daily combat lessons, and communication from beyond is the norm. She attends classes that enhance her energetic abilities, labs that fine tune her mental acuity, and workouts with a supernaturally good looking--and suspiciously evasive--training partner. But it's what she learns outside the classroom that proves most difficult: as Queen of Alfheim, Aura's grandmother played a heartbreaking role in the death of Aura's parents . . . and her iron fisted monarchy is pushing the realm to the brink of extinction. If Aura doesn't take her grandmother's crown, the home she's only just begun to love may be lost forever. When an unprecedented attack threatens the very heart of Alfheim, Aura has to decide what she's willing to sacrifice to protect her new home. Her choice may mean the difference between survival and annihilation--not only for Aura, but for the world she's always been destined to rule.

## **Sorority Subterfuge**

Ingrid Tirsdatter is no stranger to difficult missions. As a first-year shieldmaiden, she's fought off Viking warriors, defeated the not-quite-dead, and ridden into battle atop a fire-breathing dragon. But nothing in her training prepared her for her current assignment. In order to stop a madman from destroying her home, Ingrid's jumped one thousand years into the future, moved into an elite Southern California sorority, and done everything in her power to not get distracted by Axel Andersson—her absurdly attractive, and extraordinarily egotistical, battle partner. So far, she's managed to keep her mission reasonably on track. But when a mysterious stranger shows up with an offer to lead Ingrid to her target, her well-orchestrated plan begins to unravel. It turns out that Ingrid isn't the only one engaged in subterfuge. If she fails to hunt down the elements that have set her enemy on his dark path, there's no telling what will become of the future . . . or the past. Ingrid and her team are in a race against time. And if they can't outrun their target, both of the worlds she's come to love will be nothing more than a memory.

## **Dark Star**

Audrey Whitticomb has nothing to fear. Her mother is the superhero Morning Star, the most deadly crime-fighter in the Twin Cities, so it's hard for Audrey not to feel safe. That is, until she's lured into the sweet night air by something human and not human—something with talons and teeth, and a wide, scarlet smile. Now Audrey knows the truth: her mom doesn't fight crime at night. She fights Harrowers—livid, merciless beings who were trapped Beneath eons ago. Yet some have managed to escape. And they want Audrey dead, just because of who she is: one of the Kin. To survive, Audrey will need to sharpen the powers she has always had. When she gets close to someone, dark corners of the person's memories become her own, and she sometimes even glimpses the future. If Audrey could only get close to Patrick Tigue, a powerful Harrower masquerading as human, she could use her Knowing to discover the Harrowers' next move. But Leon, her mother's bossy, infuriatingly attractive sidekick, has other ideas. Lately, he won't let Audrey out of his sight. When an unthinkable betrayal puts Minneapolis in terrible danger, Audrey discovers a wild, untamed power within herself. It may be the key to saving her herself, her family, and her city. Or it may be the force that destroys everything—and everyone—she loves.

## **From Blood and Ash**

Captivating and action-packed, *From Blood and Ash* is a sexy, addictive, and unexpected fantasy perfect for fans of Sarah J. Maas and Laura Thalassa. A Maiden... Chosen from birth to usher in a new era, Poppy's life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. Never to be spoken to. Never to experience pleasure. Waiting for the day of her Ascension, she would rather be with the guards, fighting back the evil that took her family, than preparing to be found worthy by the gods. But the choice has never been hers. A Duty... The entire kingdom's future rests on Poppy's shoulders, something she's not even quite sure she wants for herself. Because a Maiden has a heart. And a soul. And longing. And when Hawke, a golden-eyed guard honor bound to ensure her Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden. A Kingdom... Forsaken by the gods and feared by mortals, a fallen kingdom is rising once more, determined to take back what they believe is theirs through violence and vengeance. And as the shadow of those cursed draws closer, the line between what is forbidden

and what is right becomes blurred. ## **Son of the Black Sword**

#1 IN A NEW EPIC FANTASY SERIES from Monster Hunter series creator and New York Times best-selling author, Larry Correia! After the War of the Gods, the demons were cast out and fell to the world. Mankind was nearly eradicated by the seemingly unstoppable beasts, until the gods sent the great hero, Ramrowan, to save them. He united the tribes, gave them magic, and drove the demons into the sea. Ever since the land has belonged to man and the oceans have remained an uncrossable hell, leaving the continent of Lok isolated. It was prophesized that someday the demons would return, and only the descendants of Ramrowan would be able to defeat them. They became the first kings, and all men served those who were their only hope for survival. As centuries passed, the descendants of the great hero grew in number and power. They became tyrannical and cruel, and their religion nothing but an excuse for greed. Gods and demons became myth and legend, and the people no longer believed. The castes created to serve the Sons of Ramrowan rose up and destroyed their rulers. All religion was banned and replaced by a code of unflinching law. The surviving royalty and their priests were made casteless, condemned to live as untouchables, and the Age of Law began. Ashok Vadal has been chosen by a powerful ancient weapon to be its bearer. He is a Protector, member of an elite militant order of roving law enforcers. No one is more merciless in rooting out those who secretly practice the old ways. Everything is black or white, good or evil, until he discovers his entire life is a fraud. Ashok isn't who he thinks he is, and when he finds himself on the wrong side of the law, the consequences lead to rebellion, war—and destruction. About Son of the Black Sword: “This book has everything I like in fantasy: intense action scenes, evil in horrifying array, good struggling against the darkness, and most of all people—gorgeously flawed human beings faced with horrible moral choices that force them to question and change and grow.”—Jim Butcher, creator of the New York Times best-selling Dresden Files “Best-selling fantasy author Correia casts a compelling spell with this India-influenced series opener. . . . Correia skillfully sets in motion this story of plots within plots, revealing complex, sympathetic characters and black-hearted villains with equal detail and insight. Full of action, intrigue, and wry humor, this exciting series launch promises many more thrills to come.”—Publishers Weekly (starred review) “Fans who like Correia’s fast-moving style will be pleased with the plethora of action scenes, and epic fantasy readers interested in delving into a new universe should be equally satisfied. A solid choice for admirers of Brent Weeks and Brandon Sanderson’s Mistborn series.”—Library Journal “Correia is, above all, a storyteller, and he weaves a unique and entertaining tale. Without question, his action sequences pop on the page, his magic system has a nice wrinkle, and he has the foundations laid out for some excellent character

growth as the series continues. . . . [A] definite hit.”—Bookreporter “The lore here is fascinating and well told. I enjoyed learning the history of the world and the legend of Ramrowan. The politics are just complicated enough to feel real without being too difficult to follow. Where the book truly shines, however, is in the characters. All are well drawn and distinctively voiced.”—SFCrowsnest “I loved the book, it was great, fast paced, with wonderful characters, and also a lot of wonderful scenes that screamed to be painted.”—Larry Elmore, legendary, award-winning artist, and cover artist for *Son of the Black Sword*. “*Son of the Black Sword: Saga of the Forgotten Warrior* tells of what happens after the war with the gods, when demons were cast out and fell to the world to nearly destroy these unstoppable beasts until the gods sent a hero to save them. Centuries have passed since this event and the people have regulated these events to legend. One Ashok has been chosen to be a protector with a powerful weapon in hand, uncovering those who still practice old ways and are potential dangers to the order - but when he discovers all his efforts have been based on a lie, everything's about to change. A powerful epic fantasy evolves into a solid, compelling read.”—Midwest Book Reivew About the Urban Fantasy of Larry Correia: “[A] no-holds-barred all-out page turner that is part science fiction, part horror, and an absolute blast to read.”—Bookreporter.com “If you love monsters and action, you’ll love this book. If you love guns, you’ll love this book. If you love fantasy, and especially horror fantasy, you’ll love this book.”—Knotclan.com “A gun person who likes science fiction—or, heck, anyone who likes science fiction—will enjoy [these books]. . . The plotting is excellent, and Correia makes you care about the characters. . . I read both books without putting them down except for work . . . so whaddaya waitin’ for? Go and buy some . . . for yourself and for stocking stuffers.”—Massad Ayoob “This lighthearted, testosterone-soaked sequel to 2009’s *Monster Hunter International* will delight fans of action horror with elaborate weaponry, hand-to-hand combat, disgusting monsters, and an endless stream of blood and body parts.”—Publishers Weekly on *Monster Hunter Vendetta*
